

10 Ton Auto body pulling post

DOOCAR AUTO ENGINEERING CO.,LTD

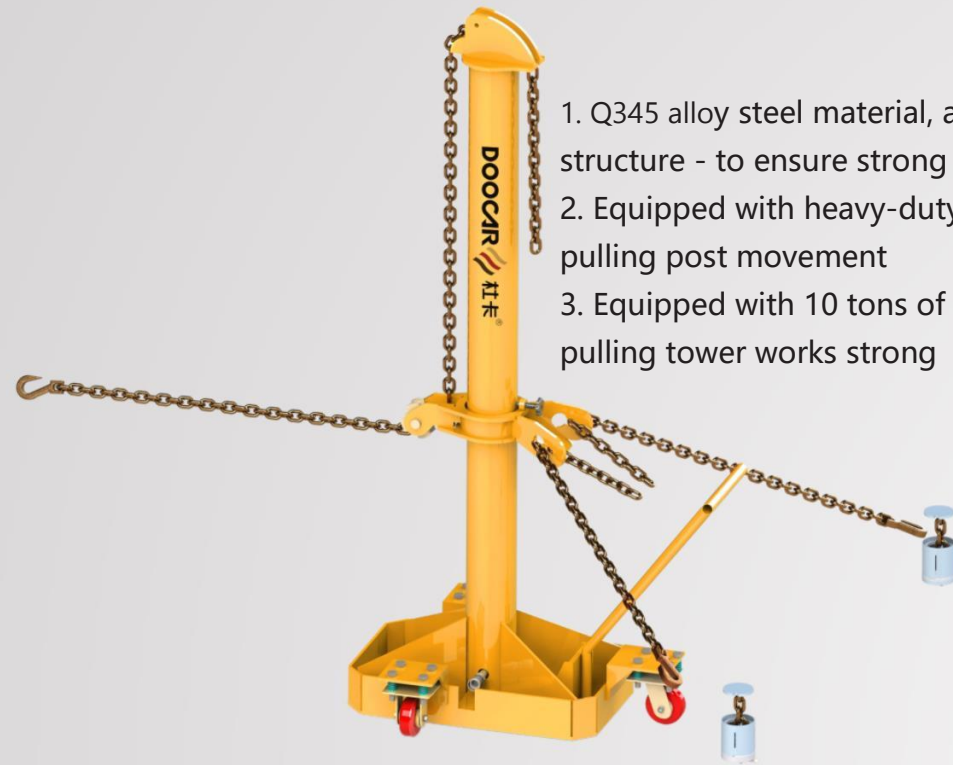

ADD: No. 1 Kaifa Road Kaifa Road, Heshan Industrial Park,
Rizhao City, Shandong Province, China
TEL: +8618863316058
Email: info@dooCARliner.com

Auto body collision repair equipment manufacturer since 2004

Doocar Auto Engineering (shanghai)Co.ltd

DC-T18

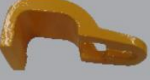

1. Q345 alloy steel material, auto body frame rack tower structure - to ensure strong working pulling power
2. Equipped with heavy-duty moving wheels - to ensure pulling post movement
3. Equipped with 10 tons of high-pressure oil cylinder - pulling tower works strong

4. Grade 80 high-strength 10MM tensile pulling chain - safe and reliable work.
5. Lockable guide wheel - less loss of tensile force, flexible rotation.
6. Tower cap with guide wheels - chain rolling friction, less power loss.
7. 257MM oil cylinder stroke, more convenient and quick work.
8. The surface is electrostatically sprayed, beautiful and generous, durable.
9. It can be matched with any floor pulling system

DC-T18M

DC-T18/DC-T18M configuration

Model	Description	Quantity	photo	DC-T18	DC-T18M
